Teac ers' Institute. school house district. On that day Sup t. F. M. Smith held the first teachers' in stitute ever held in that district. Notwith standing the inclemency of the weather, the ha' pence, and we get all the kicks. many persons attended. The institute was held in scl., of house No. 1, commonly known as T ton's school house, where Rev. Geo. H Cox presides and teaches "the young idea how to shoot." His school was on hand in full, with smiling faces. buoyant hearts ready to do their part, which indeed was nobly done. They nad decorated the house, beautifully and t has seidom been our privilage to behold more beautiful spectacle. Messrs Norman and Ford, teachers of schools No s. 2 and 3, were on hand with some of their classes, all of which deserve praise for their excellent recitations. The in stitute was opened a little past 9 a. m., with reading of scripture by Mr. Cox, singing by the school, and all uniting in the Lord's prayer. Then followed reci tations in reading, grammer, geography. history, and aritumetic, interspersed with discussions. The reading was far superior to anything that we thought attainable in so short a time, (the school has been in progress only three months) and showed thorough training and patient study. Grammer by Mr. Ford's class was good. The principle feature on this subject, however, was a class of small children taught by Mr. Cox. The readiness with which those little ones grasped this diffi cult subject was surprising, and proved the correctness of an assertion made by Mr. Cox that "the time to commence study

of grammer was the first time the child On geography Mr. Norman's class of young ladies, on the map of the United States was just excellent; here too came in the world, they seemed perfectly at home. Arithmetic by Mr. Norman's class was unsurpassed, he surely knows how to teach written arithmetic, and not only knows how but does it. Here again came in Mr. Cox s class of little ones, and select readings during the day by pupils of pesses Ford and Cox, all of which were number one.

The large audience that had atsembled

were bountifully supplied with good things at noon, and enjoyed it with a zest, and although the exercises were pro tracted, continuing from 9 a. m. nntil 4 p. m. all remained to the end, thus attesting their deep interest in this all impor-tant subject, our common schools. I con gratuate those who were there, and

### SUPREME COURT OPINIONS:

AT KNOXVILLE, NOVEMBER 6, 1880. Reported for the Chroniele by L. Tillman, Jr. Garnishment-What may be reached by, 1 A debt sued on either at law or in equity, and a judgement or decree may be reached by garnishment.—Cooper, J.—Peniman vs. Smith.

Assignment-Notice. 2. The assignment of a chose in action, other than such choses in action as an negotiable or so assignable by law as 'to pass the legal title, will not be good against subsequent assignees and attaching credi tors, until notice of the assignment has been given to the debtors, and a judgment or decree is within the rule .- dem.

Entry of consent-effect of. 3. An entry on the minutes of a court made by consent of parties binds only those p raons who consent to it, and if not justified by the pleadings in the particular cause in which it purports to be entered is ceram non judice and void as an adjudication, and only efficacious as an agreement. -Idem.

Priority-How obtained. 4. In a contest between the creditors of a common debtor it is a question of diligence, not of equity, and the creditor who first perfects his rights by notice to the debtor must prevail.—Idem. Same-case adjourned.

5. Pending a chancery suit in this court, and after a occree affirming a decree below declaring a party's right to an account and remanding the cause to take the account, that party assigned to two of his creditors the recovery which he might obtain in the chancery court, and this court permitted the assignment to be filed and made a part of the record, with direction to the clerk to copy the entry and send it down with the record, and afterwards, before notice of this assignment to the debtor, a judgment creditor served the debtor with a garnishment notice; held, that the latter had the better right.-Idem.

Creditors-Claims allowed when.

In an insolvent proceeding where a creditor without making himself a party by petition, fi.es his claim and proves it, without objection, no objection an afterwards be made to it.—McFarland, J.—Goodwin vs. Lathim.

Ejectment-Adverse possession. The possession of a purchaser of lands by title bond, who goes nto possession and holds for himself, is not the possession of his vendor who has color of title so as to perfect the latter's title under the 1st section of the act of 1819, in seven years, against an otherwise superior title in another, if the purchaser in such case be for some purposes regarded as the tenant at will of his vendor, yet he is not the tenant in fact, and his possession is not that of his vendor in the sense of the statute.—McFarland, J.-Eliege vs. Cooke.

### Enormous Gray Eagle. POWELL'S STATION, Nov. 4.

MR. EDITOR:-Yesterday, Jimmy Hunter, son of Jackson Hunter, who lives in the 7th district killed an enormous gray eagle. It measured seven feet from tip to tip of its wings, and three feet from tip of tail to point of bill. Its weight was nine pounds. The little boy who killed it is quite small, and had only been using a rifle gun a few weeks. He found where the eagle had devoured a goose and he sat himself to await its return and States was just excellent; here too came in the class of little ones, and on the map of the world they seemed perfectly at home rah for Jimmy Hunter, the eagle vero!

GEO. P. ROWELL & CO'S SELECT LIST OF LOCAL NEWSPAPERS.

An advertiser who spends upwards of \$5,000 a year, and who invested less than \$350 of it in this List, writes: "Your Select Local List paid me better last year THAN ALL THE OTHER ADVERTISING I DID." IT IS NOTA CO-OPERATIVE LIST

IT IS NOT A CHEAP LIST. IT IS AN HONEST LIST. The catalogue states exactly what the papers are. When the name of a paper is printed in FULL FACE TYPE it is in every histance the BEST. When printed in CAPITALS it is the ONLY paper in the place. The list gives the population of every town and the circulation of

very paper. The rates charged for advertising are barely one-fifth the publishers' schedule. The price for single States ranges from \$2 to \$80. The price for one inch one month in the entire list is \$625. The regular rates of the papers for the same space and time are \$2,986.14. The last same space and time are \$2,380.14. The latincludes 952 newspapers of which 187 are issued DAILY and 765 WEELLY. They
are located in 788 different cities and towns, of
which 26 are State Capitals, 363 places of over
5.000 population, and 468 County Seats. For
